My dear Bhaurao

This is just to say that I reached Bombay on the 30th evening. I trust that you and the rest ~~have~~ also reached your destination safely.

I had promised the boys of the Nasik Security Printing Press to write to their Superior in respect of the delay. Before I actually do so I would like to know if there is really any necessity. Will you therefore kindly go to the Press and inquire if ~~their~~ Superior has created any trouble over their delay and let me know about it.

Nothing more for the present with my best regards to Dani & yourself I am

Yours sincerely

My dear Gaikwad

I think I have already written to you in reply to your ~~[illegible]~~ earlier letters. I can now find time, as we are sitting in Committee, to write a very short reply to your last letter in which you inform me the attitude taken by the Collector of Nasik to in regard to our contemplated Satyagrah. All that I can say is that the attitude of the Collector ought not to make any difference to our programme and that you should go on with your plans and carry them out as ~~[illegible]~~ he did not exist. If you or I made our activity subject to the approval of the officials we will never advance

My dear Bhaurao,

I have received your letter. I had already learned about the tragic events of Patherdi before your letter came. It therefore did not shock me as it would have otherwise done. I was very much dejected to read that none of the assailants has been traced. I hope you will see the D.S.P. and urge upon him the necessity of making a through investigation. My information is that that the Patil of Patherdi is an accomplice —and was present along

You say you have written to me four/five letters to which I have given no reply. Let me say that I have received only one letter from you barring another relating to the girls complaint. I don't know what has happened to the other letter. I have not been writing to anybody. I did not even write to Kamlakant for more

My dear Bhaurao,

You must have received my wire. I am sorry to have to trouble you to undertake this journey. But there is no help. Donde having failed to secure first vote from Thana it is necessary to secure one from Malegaon. The Mahommedan members of the Malegaon Municipality have agreed to vote for Donde if our man Mahale joins them. I don't know Mahale. ~~Hence~~ But you must be knowing him. ~~See that~~ Give him my message and see that he acts up to it.

With kindest regards I am

My dear Bahurao,

I have received your letter of the 23rd June and was very much pleased to read that you successfully carried out the plan at Kalgaon. I congratulate you on your success.

Regarding the law case to which I had referred I have succeeded in finding out the volume. It is reported in Vol 97. Indian Cases p. 39. If the volume is in the Dist Court Library you need not come for it. If not you had better come or send some one. If you have to come then come before Sunday next. for I am leaving for Poona on Monday next.

With my very best regards to yourself and friends I am
